

## **08-424 Liquefied Petroleum Gas Commission**

### **Agency Description**

The Liquefied Petroleum Gas Commission is charged with the responsibility of regulating the liquefied petroleum gas and anhydrous ammonia commercial distribution system within the state. This is necessary because of potential danger associated with the storage, transportation, and ultimate use of these gases, which are normally handled in a liquid state under high pressure in special containers.

The mission of the Liquefied Petroleum Gas Commission is to promulgate and enforce rules that will allow for the safest possible distribution, handling and usage of liquefied petroleum gases and anhydrous ammonia, necessary for the protection, safety and security of the public, through inspections of storage facilities, equipment, and examination of personnel engaged in the industry.

The goals of the Liquefied Petroleum Gas Commission are:

1. Reduce loss of life and property through diligent enforcement of Louisiana law and rules and regulations and national standards as adopted by the Liquefied Petroleum Gas Commission.
2. Reduce burdensome requirements whenever practical without sacrificing safety.

The Liquefied Petroleum Gas Commission has only one program, Administrative.
